OUR VENUE

We are a fully licensed venue located in Currumbin Waters on the southern Gold Coast. Our space includes both indoor and outdoor seating areas and has the capacity for up to 80 patrons. Our liquor license extends to 7pm Monday to Saturday

OUR SPACE

Our outdoor space is secluded and spacious, allowing guests to mingle freely in an open air setting. Our garden and plants provide an ambient atmosphere and our festoon lights give off a festive vibe. We have ample bench seating available as well as tables and chairs that can be configured to your liking, or removed if guests prefer to stand. Our umbrellas can also be configured as desired to provide shade for guests.

HOME HOME HOME HOME HOME HOME

Our indoor space provides a more intimate feel with the mid century style fitout and softer tones. Here you will find our bar and kitchen area as well as an assortment of indoor plants and framed photography of the old Currumbin. This space is ideal for smaller groups looking for an intimate setting or larger groups wishing to make use of both spaces. Tables and chairs can be configured as needed (or taken out completely) and guests can make use of the wall space for a projector if needed.

HOME

EVENTS WE CATER FOR:

- Engagement parties
- Birthday parties
- Staff parties
- Corporate events
- Baby showers

NOISE

Due to the fact that we have residential neighbours backing onto our venue, we do require guests be mindful of not making too much noise. We are happy to have music played at our events, however we do ask that the volume is kept within a reasonable level.

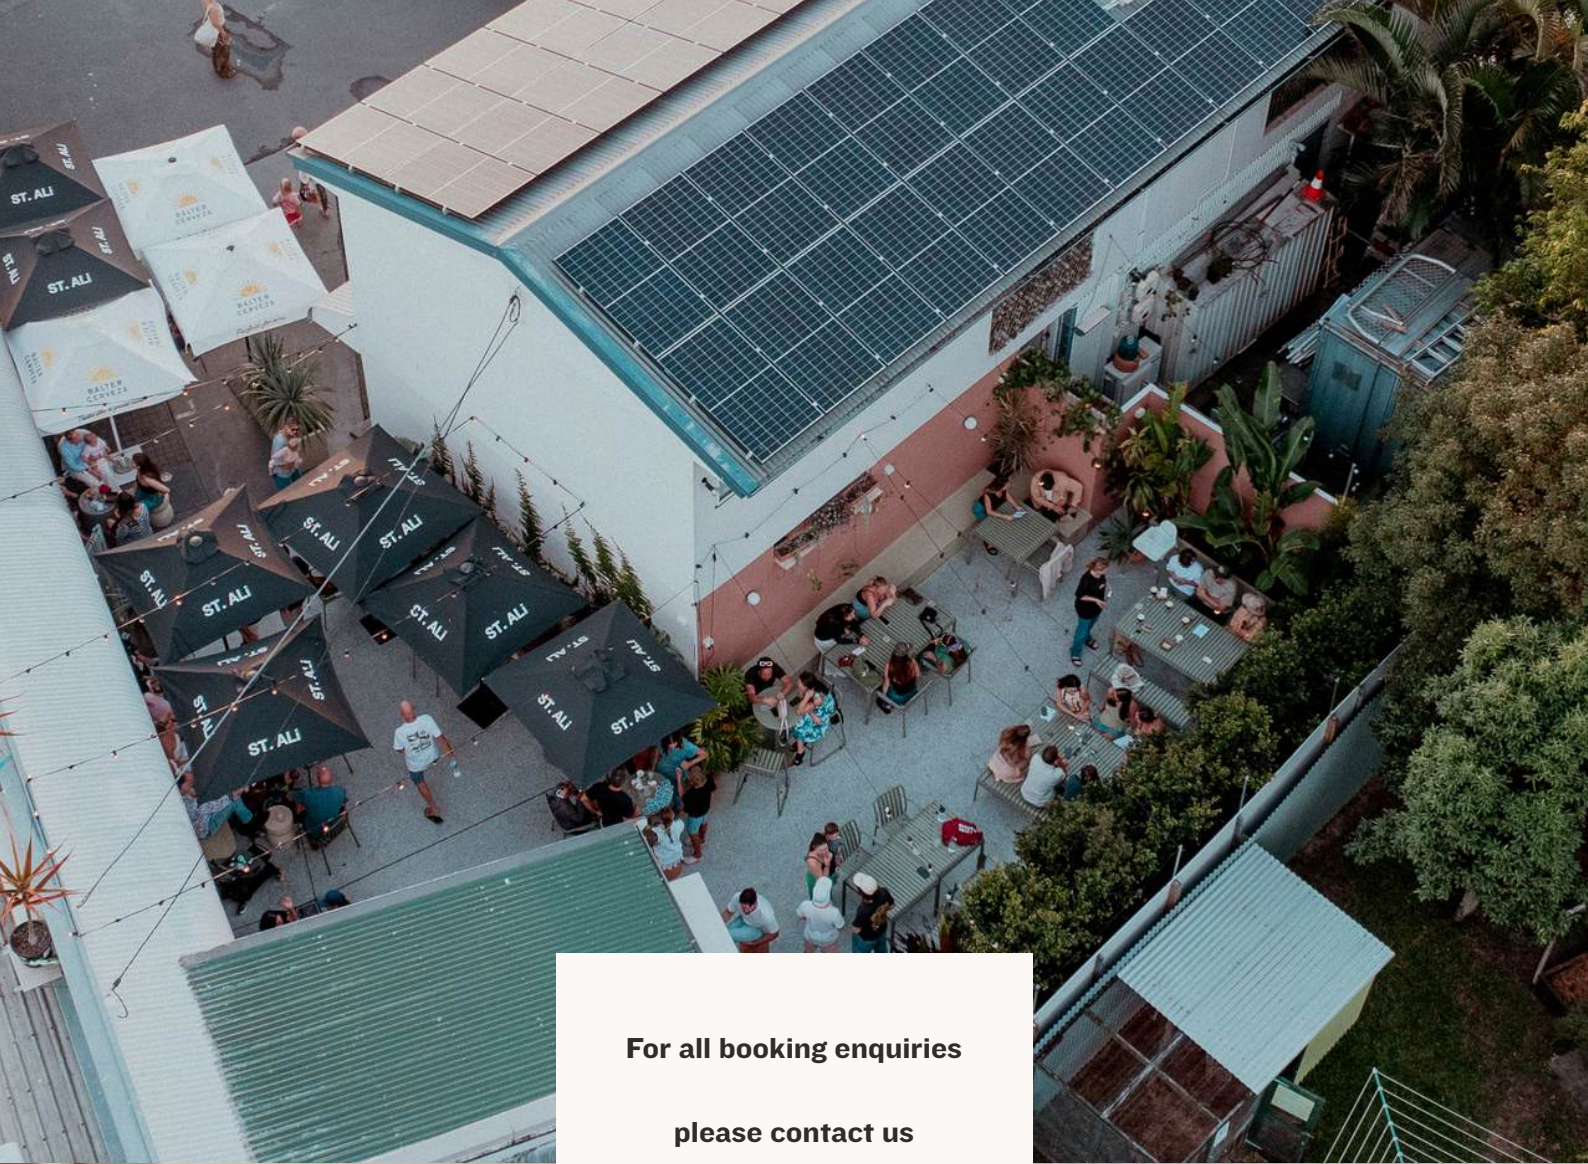

We have a sonos system which you can play your own music through or you may wish to hire a DJ or musician for the event. For any assistance finding someone to play at your event, we have a list of local DJ's and live musicians that we can recommend.
